The staff has been busy with the improvement of instruction as we begin our sixteenth year as a Standards Based Curriculum School. Our goal of maintaining and improving our PASS scores will be addressed in a variety of ways: a 21st Century Grant that enables us to provide Merit Academy (after-school program for at-risk students); SuccessMaker Labs; programs that continue to help improve academic skills; and technology upgrades that aid in classroom instruction. Transition to Common Core State Standards has also been a priority for the 2012-13 school year.

We appreciate the support of our PTO, School Improvement Council, and Business Partner. We salute our parents, local industry, businesses, and community, and thank them for their continued support. Together we are building a brighter future and opening the door for a new century of progress.

Dr. John Snead, Principal
Robin Brown, School Improvement Council Chair
